

CURRICULUM VITAE

David A. Robbins, M.D.

Post Graduate Training

- | | |
|-----------|--|
| 1996-1997 | Saint Elizabeth's Medical Center Department of Neurology
Tufts University
Boston, Massachusetts
Fellow in Neurophysiology and Neuromuscular Disorders |
| 1995-1996 | Strong Memorial Hospital Department of Neurology
University of Rochester
Rochester, New York
Chief Resident of Neurology |
| 1993-1995 | Strong Memorial Hospital Department of Neurology
University of Rochester
Rochester, New York
Neurology Junior and Senior Resident |
| 1992-1993 | Strong Memorial Hospital Department of Neurology
University of Rochester
Rochester, New York
Internship in Internal Medicine |

Education

- | | |
|-----------|--|
| 1988-1992 | M.D. Medical College of Wisconsin
Milwaukee, Wisconsin |
| 1984-1988 | B.A. Mathematics
State University of New York at Binghamton
Binghamton, New York |
| 1980-1984 | Williamsville North High School
Buffalo, New York |

Practice

- | | |
|--------------|--|
| 1997-Present | Private Practice
Pembroke Pines, Florida
General Neurology, Neuromuscular Disorders and
Neurological Rehabilitation |
|--------------|--|

Teaching

1995-1996 University of Rochester
Rochester, New York
Teaching Fellow in Neurology

Licensure

Florida # 73922

Board Certification

Board Certified – American Board of Psychiatry and
Neurology
January, 1999

Certified – National Board of Medical Examiners
November, 1993

Medicine

Electives

1996-1997 Director Neurophysiology Laboratory
Taunton, Massachusetts

1996-1997 Emergency Department Attending
Jamaica Plains VA Medical Center
Boston, Massachusetts

1991-1992 Emergency Department Staff
Strong Memorial Hospital, University of Rochester
Rochester, New York

1989-1990 Externship – Internal Medicine
Amherst Medical Center
Buffalo, New York

Awards & Honors

1991 DYCKE Award for Excellence in Neurology

Professional Associations

American Academy of Neurology
American Medical Association

Hospital Affiliations

- 1999-Present Active Staff Member -
Memorial Hospital Pembroke, Memorial Hospital West, Memorial
Hospital Miramar
- 1997-1998 Staff Privileges -
Coral Springs Medical Center, University Hospital, Northwest
Regional Medical Center, Plantation General
- 2008 - Present Stroke Council - Quality Management
Memorial Hospital West

Clinical Research

- 2004 – 2005 Sub Investigator
A Phase 2 Randomized, Double-Blinded, Placebo-Controlled
Study evaluating EAA-090, a selective antagonist that binds
competitively to the glutamate site of the N-methyl-D-aspartate
(NMDA) receptor, in Adult Outpatients with Neuropathic Pain
Associated with Diabetic Neuropathy.
- 2006 – 2008 Sub Investigator
A Randomized, Double-Blinded, Placebo-Controlled, Multicenter,
18 week Pilot Study to investigate the neuroprotective Effect of
XXX on the Development of Peripheral Neuropathy in Patients
Receiving XXX and Platinum-Based Chemotherapy for Cancer.
- 2007 – 2009 Sub Investigator
A multi-center, randomized, double-blind, placebo controlled
study of the effect of XXX at two doses for 24 weeks treatment on
the rate of regeneration of epidermal nerve fibers in patients with
mild diabetic peripheral neuropathy
- 2008 – 2010 Investigator
National Institute of Neurological Disorders and Stroke
Insulin Resistance Intervention after Stroke (IRIS) trial is a
placebo-controlled, randomized clinical trial evaluating the
effectiveness of pioglitazone (Actos®), compared with placebo, for
prevention of recurrent stroke and myocardial infarction among
non-diabetic men and women with a recent ischemic stroke or TIA
and insulin resistance.
- 2008 – 2010 Investigator
National Institute of Neurological Disorders and Stroke

Sample Collection and Submission to the NINDS Repository to help learn how genes may influence the risk of developing neurological disorders including Parkinson's disease, progressive supranuclear palsy, dementia Lewy Body disease, multiple system atrophy, cerebrovascular, epilepsy, Tourette's syndrome, and amyotrophic lateral sclerosis.

2009 - 2010 Investigator
SAMMPRIS, a multicenter, randomized clinical trial to determine whether intracranial stenting (using the Wingspan self-expanding nitinol stent) and intensive medical therapy is superior to intensive medical therapy alone for preventing recurrent stroke distal to a stenosed intracranial artery.

2009 - 2010 Sub Investigator
A Phase 3 randomized, double blind, placebo-controlled multicenter study of Tanezumab on peripheral nerve function in patients with osteoarthritis.

2011 - 2012 Sub Investigator
Opera I and II, a study of Ocrelizumab in Comparison with Interferon Beta 1a (Rebif) in patients with relapsing multiple sclerosis.

Certifications

Oct. 2007 Botox in Pain Management – Injection Training

Dec. 2011 EDSS Level C Certification

Jan. 2012 Botox Injection Training- Head, Face and Neck for chronic migraines.
